

No Proposition 2 ½ Override

No to Taxing residents out of their homes

Cost Analysis House valued at \$376,500

It's Not just a single increase!

Time frame	cost per \$1,000	<u>Annual Tax</u>	<u>CPA</u>
FY 26 Property tax	\$13.29	\$5000	\$150
FY 27 after override	\$15.81	\$5952.46	\$178.57
Nov 26 new value	\$398,833	\$6306	\$189
FY 28 2.5 % increase	\$16.21	\$6464	\$194
Nov 27 new value	\$421,166	\$6827.10	\$204

*November increases based on a 3-year average of a similar valued home and that number is red. That change to your property value increases third and fourth quarter bills.

FYI Water and Sewer Rates are going up 5% on July 1, 2027 with scheduled increases on 7/1/28 and 7/1/29
